DESCRIPTIONS:

- 1) The program has been prepared in consideration of the decisions taken by the University Senate.
- 2) Our students must use their @org.ktu.edu.tr e-mail addresses while participating in classes and exams. Those who attend the course or exam with a different e-mail will be ignored and their exams will be considered invalid.
- 3) Students who cannot get a passing grade (60/100) in the laboratory part of the courses with a laboratory will be deemed to have failed that course and will not be taken to the final exam.
- 4) All IT and Turkish Language courses will be given continuously through Distance Education (DE) Center. Students who take these courses can attend classes online at the time of the program or at different hours suitable for them.
- 5) Our department has 3 DE classrooms. Therefore, a maximum of 3 live lessons can be held simultaneously over Adobe Connect.
- 6) Since it is not certain that USEC coded social elective courses are given in English, we do not recommend these courses to 100% English students.
- 7) Kırmızı fontla yazılı dersler bu dönem için açılmayacaktır.
- 8) Bu versiyon programın son bir önceki halidir. Artık programda değişiklik yapılmayacak, sadece Mühendislik Tasarımı ve Lisansüstü seminer dersleri danışmanları belli olunca isimleri eklenecektir.
