

Karadeniz Technical University: An Overview

Founded as a public university on the 20th of May, 1955, in Trabzon, Karadeniz Technical University (KTU) is the fourth oldest university in Turkey. KTU has over 30,000 students studying at short cycle, bachelor, master and PhD levels. With about 90 departments in 12 faculties, 6 institutes and about 2100 teaching staff, KTU has become one of the leading higher education institutions in Turkey.

Our university is located between the city centre and the international airport (five minutes walking distance to the campus) on the Black Sea shore. The main campus, with its social and scientific facilities, is an outstanding site set in a wonderful nature, which makes it one of the best campus settings in Turkey.

Internationalisation

Since its establishment, KTU is actively involved in international cooperation. International activities are facilitated and coordinated by the International Relations Office. In a wide range of fields and in the framework of numerous international programmes, our university collaborates with 150 partner institutions and has signed more than 180 cooperation agreements with European higher education institutions. There are approximately over 400 mobilities every year within Erasmus+ Programme, considering the total number of incomings and outgoings.
